

HM 008G

Technical Data

SPECIFICATIONS:

Application Temperature	> 250° F
Color	Green
Viscosity (250° F)	8,600 cps
Viscosity (275° F)	5,300 cps
Softening Point	180° F
Absorption Capacity (g/g deionized water)	> 110
Specific Gravity	1.25

Chemistry:	Hot melt adhesive containing superabsorbent polymer
Appearance:	Solid
Storage:	One year in unopened containers
Packaging:	Bricks and other options upon request

Technical information is based on current knowledge and is offered to inform and advise subject to your further investigation and verification. Modifications may be made in the interest of technical improvement. No warranties are expressed or implied as the use of the product is beyond our control.
