

Project Name	Hospital & Surgery Center on West Coast
Completion Date	July 2020
Chase Products Used	Absorb Solidifier and Absorb Solidifier RX in dissolvable pack and bottle form
Project Overview:	A hospital & surgery center performing approx. 30,000 surgeries per year has made the switch to Zappa Stewart medical waste solidifier.
Customer Benefit:	<ul style="list-style-type: none">- Implementation of the RX line of treated solidifier will eliminate need for costly autoclaving of OR medical waste- Dissolvable film packs will reduce thousands of single use plastic bottles from entering landfills each year saving money and improving the hospitals carbon footprint
Channel Partner:	Vital Care Industries
